

EDITORIAL CALENDAR - A&D MAGAZINE & WEEK NEWSLETTER

A&D - Topic Overview Magazine & Newsletter

A&D Cover Topic	Current trends in a 360-degree view: IIoT & Industrial 5G, AI & Industrial Analytics, OPC UA, Smart Sensors, Single Pair Ethernet, Digital Twin & Simulation, Smart Robotics, Software-based Automation
Net Zero Industry	Additive Manufacturing, All Electric Society, Circular Economy, DC Technology, Decarbonization & Energy Recovery, Energy Efficient Solutions, Energy Efficiency, Energy Management, Energy Monitoring, Power Distribution, Cooling (Air Conditioning, Fans), Materials & Resources, Sustainability Strategies, Retrofitting, Regenerative Power, Power Supply, Supply Chain Innovation, Sustainability, UPS
Digital Factory	IIoT, AI, Data Analytics, Industrial Cloud, Manufacturing-X, Software-based Automation, Modular Machines, New Business Models, Industrial Metaverse Industrial Communication: Industrial Ethernet, Fieldbuses, OPC UA, TSN, Wireless LAN, Bluetooth, Mobile Communication, 5G, Remote Access, Sensor/Actuator Communication, Gateways, Switches, Network Components, SPE, IO-Link Industrial Software Solutions: Project Planning Software, MES, PDM, PLM, ERP, Industrial APPs, Software Services Smart Development: Digital Twin, Visualization, Simulation, Engineering Software, CAD/CAE, Programming Systems Smart Maintenance: Condition Monitoring, Predictive Maintenance, Augmented Reality, Smart Intralogistics (Automated Guided Vehicles)
Factory Automation Solutions	Drive Technology: Motors, Drives, Frequency Converters, Motion Control, Fluid Technology, Drive Accessories, Servo Technology Connectivity: Connection Methods, Connectors, I/O Components, Terminal Systems, Cable Routing, Cables, Energy Chains Handling: Linear Technology, Conveyor Technology, Handling, Clamping & Gripping Machine Vision: Industrial Image Processing, Quality, Inspection, Deep Learning, Thermography, Infrared Measurement Technology: Data Acquisition, Inspection Technology Robotics: Lightweight Robots, Low Cost Robotics, Cobots, Heavy Industrial Robots, HRC, Mobile Robots, Service Robots, Robot Controllers, Robot Programming, Robot Services Safety & Security: MRK, Emergency Stop, Safe Stop, Safety Network, Safety Control, Safety Sensors, Cyber Security, Firewalls, Security Software, Defense Strategies, Mobile Security, Guidelines & Standards Control Cabinet Technology: Control Cabinets, Industrial Enclosures, Power Supply, Unit Power Supply, Relays, Switches, Contactors Smart Sensors: Sensors, Encoders, Industrial Identification, RFID, Labeling Control Technology: PLC, CNC, SCADA, HMI, Panels, Control, Industrial PC, Embedded Automation, Control, Edge Computing, Multitouch
